NOTICE TO CONDUCT DIRECT CONTRACTING

The Light Rail Transit Authority (LRTA) intends to procure through Direct Contracting, as an alternative mode with OTIS & M PHILIPPINES, the Original Equipment Manufacturer (OEM) of Elevator System installed at Line 2 Mainline Stations. The details of the project are as follows:

Project Name: REPAIR AND RESTORATION OF NON-OPERATIONAL ELEVATORS SYSTEM AT LINE 2 MAINLINE STATIONS (P.R. No. L2-L-11-019/ITB No. 1107-235-06)

Contract Price: Php 3,857,918.90

Project Duration: 90 Calendar Days

PROJECT BACKGROUND

The Conveying System is essential for station revenue operations primarily for the convenience of the riding public especially for the senior citizens, pregnant women and passenger with disability (PWD). The Line 2 System (Recto – Santolan) is equipped with 32 elevators at eleven (11) revenue stations wherein 24 elevators are non-operational due to defective various parts.

The main objective of this project is to restore the non-operational elevators into its standard safe operational status.

SCOPE OF WORK

1. The work shall consist of supply of all materials, labor and equipment for the satisfactory performance of all works necessary for the repair and restoration of all non-operational elevator system at LRT Line 2 System.
2. The work shall cover complete repair and restoration of all non-operational elevator system to its original full operational conditions such as but not limited to:
 - Preliminary inspection and testing to determine extent of defects and integrity of elevators.
 - Repair and restoration of elevators and other related works.
3. The repair and restoration services shall include the ff:
 - Furnishing all materials, labor, supervision, tools, supplies and other expenses necessary to provide full and complete repair inspections, making necessary adjustments, tests and replacement of defective parts of the elevators subject to evaluation and concurrence by the Authority.
 - Restore the original speed, performance, acceleration and retardation of elevators as designed and installed by the manufacturer.
 - Any defects found during the course of repair and restoration shall be at the account of the contractor.
 - Issuance of requisite annual certificates attesting to the condition of the installation for procurement of operational permit.
 - Testing and commissioning.

For information.
