	INTEGRATED MANAGEMENT SYSTEM (IMS) MANUAL	Document Code:	2025.IM.CDQ.001
		Page No.:	1 of 2
		Issue No.:	0
	Section 5.1 Quality, Health and Safety Policy Statement	Revision No.:	0
		Date Prepared:	March 25, 2025
		Date of Effectivity:	03 APR 2025

In transforming people and the organization, LRTA adopted this Quality, Health and Safety Policy Statement during annual corporate planning exercises:

LRTA is committed to provide safe, reliable, and efficient rail transportation services while ensuring the health and safety of our employees and stakeholders through continual improvement of our processes and services, and to comply with all relevant legal and other requirements.

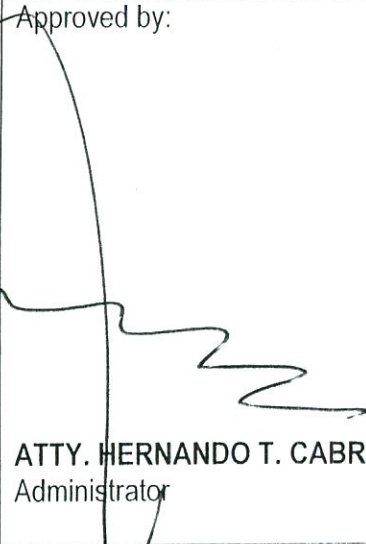

In support of this commitment, LRTA strives to:

- **Provide safe, reliable, and efficient rail transportation services:** We ensure transportation systems operate without compromising safety, maintain consistent reliability to minimize service disruptions, and deliver efficiency to meet passenger expectations.
- **Ensure the health and safety of employees and stakeholders:** We prioritize the protection and well-being of our workforce, passengers, and partners by identifying, eliminating, and mitigating risks and hazards to create a safe working and operating environment.
- **Pursue continual improvement of processes and services:** We are dedicated to ongoing enhancements in operations, performance, and customer experience by integrating innovation, best practices, and stakeholder feedback into our systems.
- **Comply with relevant legal and other requirements:** We adhere to all applicable legal, regulatory, and industry standards, ensuring that our actions are responsible, ethical, and aligned with governing frameworks.
