

Light Rail Transit Authority
Mobility, Inclusivity, and Accessibility Committee (MIAC)

MONTHLY MONITORING REPORT

As of 31 October 2025

Executive Summary

The Light Rail Transit Authority (LRTA) Mobility, Inclusivity, and Accessibility Committee (MIAC), created through Special Order No. 286, s. 2023 and reconstituted through Special Order No. Special Order No. 90, s. 2025, is tasked with enhancing the accessibility and mobility of passengers across LRT Line 2 System, with a particular focus on the needs of persons with disabilities, the elderly, and pregnant women. The Committee's responsibilities include identifying and addressing challenges faced by these groups, formulating strategies to improve accessibility, and ensuring compliance with the relevant standards and regulations, and conducting regular reviews of facilities, policies, and procedures. It also collaborates with relevant government agencies and private entities to propose solutions that foster inclusive mobility, as necessary.

The MIAC's mandate was further expanded through Special Order No. 255, s. 2025 to include the promotion of safe and harassment-free spaces within LRT Lines 1 and 2, reinforcing LRTA's commitment to ensuring that all passengers experience a secure, comfortable, and respectful commuting environment.

The Committee is also responsible for periodically submitting reports to the management, presenting its key findings and the status of ongoing initiatives. This report serves as a comprehensive update on LRTA's continuing efforts to strengthen inclusivity, accessibility, and passenger safety across the system.

Purpose and Rationale

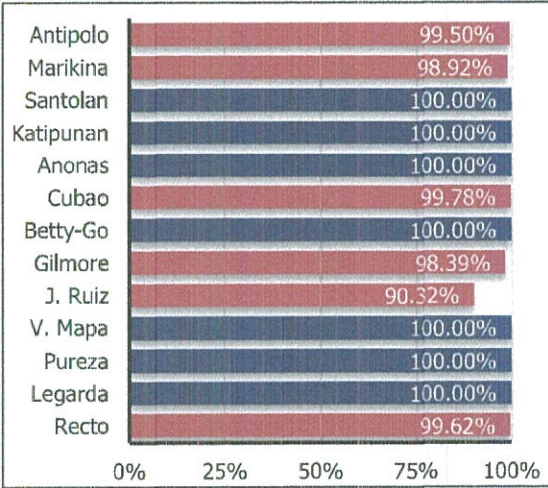

This monthly monitoring report supports the LRTA's commitment to promoting safe, inclusive, and accessible public transportation for all. By regularly tracking key indicators related to mobility, inclusivity, and accessibility, the LRTA MIA Committee ensures that gaps are identified, issues are addressed, and improvements are sustained across LRT Line 2 stations. This initiative also reinforces the Authority's adherence to relevant accessibility standards and its responsibility to enhance passenger experience, particularly for persons with disabilities, senior citizens, and other vulnerable sectors.

Highlights and Notable Observations

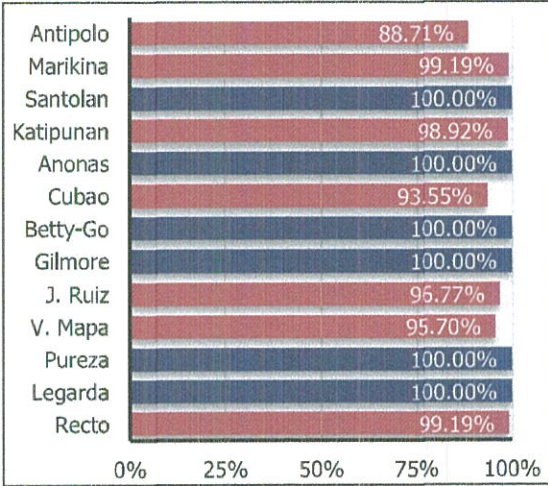

- **7 out of 13 stations achieved 100% operational status for escalators.**
- **6 out of 13 stations achieved 100% operational status for elevators.**
- The overall **operational status of conveyance systems remained high** in October 2025, showing improvements for both escalators and elevators.
- **All facilities** were confirmed to be **accessible**.
- **All required signages** were confirmed as **installed**.
- The number of **passenger feedbacks significantly increased** from 223 in September to 364 in October, reflecting a **63% growth**.

I. Status of Conveyance Systems

a. Status of Escalators

b. Status of Elevators

c. Comparative – Monthly Operational Status (Previous vs. Present)

Conveyance System	Sep 2025	Oct 2025	Increase/Decrease
Escalators	98.25%	99.41%	▲ 1.16%
Elevators	96.17%	97.58%	▲ 1.41%

d. Comparative – Monthly Operational Status (For the past 12 months)

II. Status of Facilities

III. Status of Signages

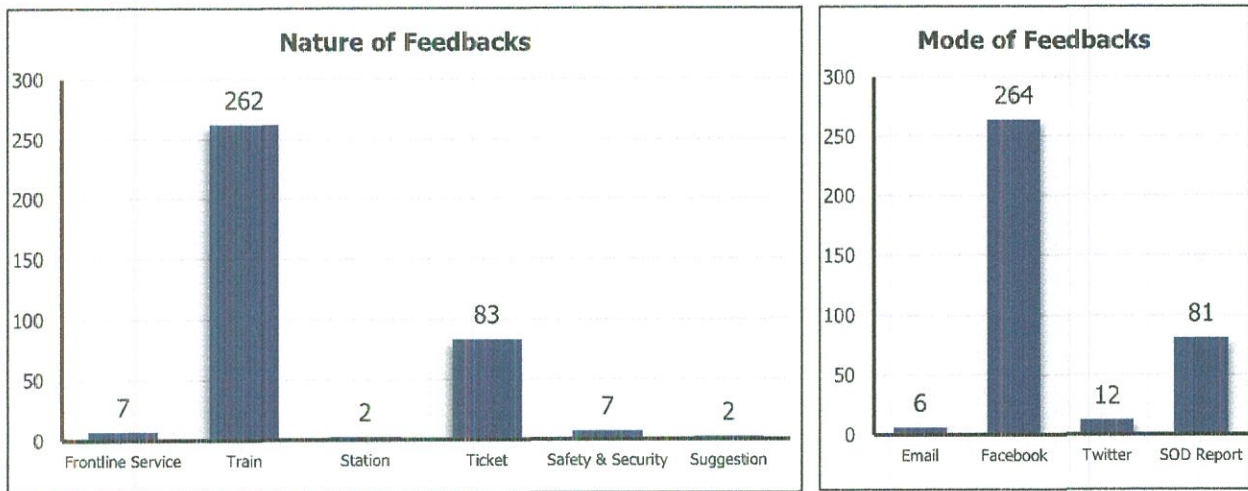

IV. Status of Tactile Floorings

All 13 stations of the LRT Line 2 System are installed with tactile flooring designed to assist visually impaired passengers in navigating the stations safely. However, the currently installed tactile floorings are due for replacement. **A project addressing this matter has been included in the Board-Approved Corporate Plan for CY 2026.**

V. Passenger Feedbacks

a. Nature and Mode of Passenger Feedbacks

b. Comparative – Monthly Passenger Feedbacks (Previous vs. Present)

Nature of Feedback	Sep 2025	Oct 2025	Variance
Frontline Service	6	7	▲ 17%
Train	137	262	▲ 91%
Station	30	2	▼ -93%
Ticket	36	83	▲ 131%
Safety & Security	8	7	▼ -13%
Suggestion	4	2	▼ -50%
Commendation	2	1	▼ -50%
Total	223	364	▲ 63%

c. Comparative – Monthly Passenger Feedbacks (For the past 12 months)

VI. Implementation of Safe Spaces Act Measures

- During the month of October 2025, **one (1) reported case of acts of lasciviousness** was recorded and subsequently turned over to the appropriate local authorities (barangay and/or PNP) for proper handling and disposition.
- To further safeguard passengers, the LRTA deploys roving security guards inside trains and within stations to implement safety protocols, deter potential offenders, and respond promptly to any reported incidents.
- LRTA continues to promote awareness of the Safe Spaces Act by showing informational video materials during trainings and seminars, and by displaying them in conspicuous areas across stations and LRTA premises for both employees and passengers.

VII. Key Accomplishments

- LRTA, through its Engineering Department and Maintenance Transition Team (MTT), installed anti-slip tape on various stainless steel floor panels.

- LRTA, through its Engineering Department and Maintenance Transition Team (MTT), repaired the cracked concrete railing at elevator ramp in Marikina Station.

VIII. Pending Issues and Concerns

No pending issues and concerns were reported for October 2025.

IX. Seminars, Trainings, and Conferences

No Seminars, Trainings, and Conferences attended on October 2025.

X. Meeting's Log

- 16 October 2025 – Coordination Meeting regarding the recently conducted Accessibility Audit of LRT Line 2 Antipolo Station

Prepared by:  NEIL ANTHONY L. SENAROSA Member, MIAC	Reviewed by:  ANGELICA FE D. DE LAS ALAS Chairperson, MIAC	Approved by:  ATTY. HERNANDO T. CABRERA Administrator, LRTA
